The *AllPeopleBeHappy* foundation invites you to its very first event in Portland, Oregon, to learn more about efforts to end extreme poverty around the globe. In addition to an overview of the Foundation's accomplishments, there will be speakers from organizations who have received *AllPeopleBeHappy* foundation grants to help establish food security by providing seeds and tools to communities and teaching sustainable agriculture techniques.

Come, enjoy homemade cookies and coffee, learn what we have accomplished, and how you can do your part to end extreme poverty and help shape a world where all people have the opportunity to be happy.
